

HAM RADIO CLASS

Get your amateur radio license in only three days!

March 11th-13th, 2016

Sponsored by St. Croix County ARES/RACES. The one weekend class is held in Hudson, Wisconsin at the St Croix County Government Center.

**To Register & Details visit
WWW.STCROIXARESACES.ORG**

- **No Morse code is required!**
- Learn Radio theory and electronic principles
- Real life education by active Amateur Radio Operators
- A "Technician" license is the first level of license
- Learn about a great hobby through in-class exploration
- Ham radio operators can become Skywarn Storm Spotters
- Students will be entered for a chance to win an amateur radio!

This focused course is free, sponsored by St. Croix County ARES/RACES. You will need to purchase a study manual that includes great information about the hobby, the FCC rules and the actual questions that will be on the 35 question test. The FCC/ARRL testing will be on-site on Sunday, testing fee of \$15 will be collected at the time of testing. More details are at <http://www.stcroixaresraces.org> or call John at 715-410-2626.
